

REMARKS

Applicants respectfully request correction of the names of inventors Krzysztof Matyjaszewski and Nicolay V. Tsarevsky as listed in Patent Application Publication No. US 2007/0244265. The inventor names were correctly set forth in parent International Application No. PCT/US05/07264 and in the Declaration filed June 22, 2007. However, minor typographical errors by the Office occurred during the national phase filing in the United States. These errors include replacing the "t" in "Krzysztof" with an "l"; and omission of the "e" in "Tsarevsky". Correction of the file jacket and PTO PALM data to show the correct inventor names is respectfully requested prior to issuance.

Applicants further respectfully request amendment of the specification to include the proper claim to priority as required by 35 U.S.C. § 120. The present application claims priority to International Application No. PCT/US05/07264 filed March 7, 2005 and to U.S. Provisional Serial No. 60/550,413 filed March 5, 2004 and U.S. Provisional Serial No. 60/661,853 filed September 21, 2004. Proper priority for the subject application is set forth in parent International Application No. PCT/US05/07264 and in the Declaration filed June 22, 2007.

Applicants submit that these amendments merely embody correction of formal matters in the Specification without changing the scope of the subject matter presented therein. Applicants file this request for Amendment after a Notice of Allowance prior to payment of the Issue Fee and submit that no fees are necessary for consideration of these amendments. However, the Commissioner is authorized to charge any necessary fees for full consideration of this amendment to Deposit Account 11-1110.

CONCLUSION

Applicants respectfully request entry of this Amendment under 37 C.F.R. § 1.312. If the undersigned can be of assistance to the Examiner in addressing issues raised by this amendment, please contact the undersigned at the number set forth below.
